INDEPENDENT AUDITOR'S REVIEW REPORT ON INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF KUWAIT AND MIDDLE EAST FINANCIAL INVESTMENT COMPANY K.S.C.P.

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Kuwait and Middle East Financial Investment Company K.S.C.P. ("the Parent Company") and its subsidiaries (collectively, the "Group") as at 30 September 2024, and the related interim condensed consolidated statement of profit or loss and interim condensed consolidated statement of comprehensive income for the three-month and nine-month periods then ended, and the related interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the nine-month period then ended. The Parent Company's management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with the basis of preparation set out in Note 2. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, *"Review of Interim Financial Information Performed by the Independent Auditor of the Entity"*. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with the basis of preparation set out in Note 2.

Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016, as amended, and its executive regulations, as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the nine-month period ended 30 September 2024 that might have had a material effect on the business of the Parent Company or on its financial position.

INDEPENDENT AUDITOR'S REVIEW REPORT ON INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF KUWAIT AND MIDDLE EAST FINANCIAL INVESTMENT COMPANY K.S.C.P. (continued)

Report on Other Legal and Regulatory Requirements (continued)

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 32 of 1968, as amended, concerning currency, the Central Bank of Kuwait and the organisation of banking business, and its related regulations, or of the provisions of Law No. 7 of 2010 concerning establishment of Capital Markets Authority "CMA" and organization of security activity and its executive regulations, as amended, during the nine-month period ended 30 September 2024 that might have had material effect on the business of the Parent Company or on its financial position except for the matter disclosed in Note 15 to the interim condensed consolidated financial information, which indicates the Parent Company's violation of the provisions of Article (3-1) of Module 17 "*Capital Adequacy Regulations for Licensed Persons*" of the Executive Bylaws of Law No. (7) of 2010 and amendments thereto, whereby the Parent Company, as a Licensed Person, did not maintain an actual Eligible Regulatory Capital in excess of the Risk Based Capital Requirement.

* Residual interests in the subsidiary are held by nominees on behalf of the Group, and there are letters of renunciation in favour of the Group confirming that the Group is the beneficial owner of such shares.

2. BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES

2.1 Basis of preparation

The interim condensed consolidated financial information for the nine months ended 30 September 2024 has been prepared in accordance with IAS 34 *Interim Financial Reporting,* except as noted below.

The interim condensed consolidated financial information for the nine months ended 30 September 2024 is prepared in accordance with the regulations issued by the CBK for financial services institutions in the State of Kuwait. These regulations require the expected credit loss ("ECL") on credit facilities to be measured at the higher of the amount computed under IFRS 9 in accordance to the CBK guidelines or the provisions as required by CBK instructions; the consequent impact on related disclosures; and the adoption of all other requirements of International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board ("IASB") (collectively referred to as IFRS, as adopted by CBK for use by the State of Kuwait).

The Group has prepared the financial information on the basis that it will continue to operate as a going concern. The management considers that there are no material uncertainties that may cast doubt significant doubt over this assumption. They have formed a judgement that there is a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

The interim condensed consolidated financial information does not include all the information and disclosures required in the annual consolidated financial statements, and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2023.

The interim condensed consolidated financial information provides comparative information in respect of the previous period. Certain comparative information has been reclassified and represented to conform to classification in the current period. Such reclassification has been made to improve the quality of information presented.

2.2 New standards, interpretations and amendments adopted by the Group

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2023, except for the adoption of new standards effective as of 1 January 2024. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments and interpretations apply for the first time in 2024, but do not have an impact on the interim condensed consolidated financial information of the Group.

Supplier Finance Arrangements - Amendments to IAS 7 and IFRS 7

In May 2023, the IASB issued amendments to IAS 7 *Statement of Cash Flows* and IFRS 7 *Financial Instruments: Disclosures* to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

The transition rules clarify that an entity is not required to provide the disclosures in any interim periods in the year of initial application of the amendments. Thus, the amendments had no impact on the Group's interim condensed consolidated financial information.

Amendments to IFRS 16: *Lease Liability in a Sale and Leaseback*

In September 2022, the IASB issued amendments to IFRS 16 to specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendments had no impact on the Group's interim condensed consolidated financial information.

2. BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

2.2 New standards, interpretations and amendments adopted by the Group (continued)

Amendments to IAS 1: Classification of Liabilities as Current or Non-current
In January 2020 and October 2022, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

In addition, a requirement has been introduced whereby an entity must disclose when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

The amendments had no impact on the Group's interim condensed consolidated financial information.

3. CASH AND CASH EQUIVALENTS

For the purpose of the interim condensed consolidated statement of cash flows, cash and cash equivalents comprise the following:

	30 September 2024 KD	*(Audited) 31 December 2023 KD*	*30 September 2023 KD*

At the end of the period/year	**35,867,250**	22,253,000	22,710,000

* During the current period, the Group has acquired a property under development in the State of Kuwait with acquisition costs amounting to KD 6,280,125. Subsequent to transfer of the title deeds of the property to the Group, during the current period, the management entered into a conditional agreement with a property development company (third party) whereby the third party will bear the construction costs and upon completion of the development of the property, the Group will only own 42% of the property and the remaining 58% will be transferred to the third party. As of 30 September 2024, the Group has recorded the investment property at its entire acquisition costs as the sharing of property will only occur once the third party completes the construction of the property.

Additionally, during the current period, the Group acquired two developed investment properties for total consideration amounting to KD 7,334,125 in the form of an Ijara contract. Accordingly, the properties are registered in the name of the lender until the balance due to the lender amounting to KD 6,930,000 is settled.

Investment properties represent commercial and residential properties in the State of Kuwait with a carrying value of KD 35,867,250 (31 December 2023: KD 22,253,000 and 30 September 2023: KD 22,710,000) are pledged as security in order to fulfil collateral requirements of certain loans and borrowings (Note 8).

The Group has no restrictions on the realisability of its investment properties and no contractual obligations to either purchase, construct or develop investment properties or for repairs, maintenance and enhancements.

The valuations of investment properties were performed at 31 December by two accredited independent valuers with recognised and relevant professional qualification and experience in the locations and categories of the investment properties being valued. As required by the Capital Market Authority (CMA), the Group has selected the lower of these valuations. The valuation models applied are consistent with the principles in IFRS 13 and fair value is determined using a mix of the income capitalisation method and the market comparison approach considering the nature and usage of each property. Valuation of the Group's investment property portfolio is performed on an annual basis as management believes that there are no significant circumstances that have arisen during the interim reporting period, which may have a material impact on fair value.

8. LOANS AND BORROWINGS (continued)

(a) The tawarruq facility is granted by a local bank, denominated in Kuwaiti Dinars and carries an average profit rate of 1.5% (31 December 2023: 2% and 30 September 2023: 2%) over the CBK discount rate per annum.

(b) The murabaha facility is granted by a local bank amounting to KD 23,200,000 with a tenor of 1 year and a profit rate of 1.75% per annum (31 December 2023: 1.75% and 30 September 2023: 1.75%) over the CBK discount rate. The revolving facility was obtained to facilitate certain investing activities. This facility is pledged against quoted equity securities amounting to KD 28,910,655 (31 December 2023: KD 19,666,762 and 30 September 2023: KD 21,408,318).

(c) The Ijara facility is granted by a local bank with a limit of KD 14,960,000 with a tenor of 1 year and a profit rate of 1.75% per annum (31 December 2023: Nil and 30 September 2023: Nil) over the CBK discount rate. During the current period, the management has utilized amount of KD 6,930,000 by entering into two Ijara deals with the bank.

(d) Revolving loan is granted by a local bank, denominated in Kuwaiti Dinars and carries an average interest rate of 1.75% (31 December 2023: 2% and 30 September 2023: 2%) per annum over the CBK discount rate and are repayable in full within 1 year.

The loans and borrowings are secured over investment properties amounting to KD 35,867,250 as at 30 September 2024 (31 December 2023: KD 22,253,000 and 30 September 2023: KD 22,710,000).

At 30 September 2024, the Group had available KD 8,480,000 of undrawn committed borrowing facilities (31 December 2023: KD 5,750,000 and 30 September 2023: KD 5,750,000).

9. FIDUCIARY ASSETS

The Group manages investment portfolios and funds on behalf of clients and provides online trading facilities. The total carrying value of these portfolios as at 30 September 2024 amounted to KD 335 million (31 December 2023: KD 346 million and 30 September 2023: KD 347 million) which are not reflected in the interim condensed consolidated financial information. The portfolios have no recourse to the general assets of the Group. The Group makes investment decisions in line with the respective agreements.

Management fee earned from the above fiduciary assets for the nine months ended 30 September 2024 amounted to KD 852,828 (30 September 2023: KD 1,055,548) and commission income earned on assets under management amounted to KD 1,221,455 (30 September 2023: KD 1,110,076).

10. EARNINGS (LOSSES) PER SHARE (EPS)

Basic EPS amounts are calculated by dividing the profit (loss) for the period attributable to equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is calculated by dividing the profit (loss) attributable to ordinary equity holders of the Parent Company by the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares. As there are no dilutive instruments outstanding, basic and diluted EPS are identical.

12. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

Fair value hierarchy
All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the interim condensed consolidated financial information at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. The methods and valuation techniques used for the purpose of measuring fair value are unchanged compared to the previous reporting period.

12. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS (continued)

The valuation techniques and inputs used in this interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2023.

The fair value of financial instruments classified as level 3 are, in certain circumstances, measured using valuation techniques that incorporate assumptions that are not evidenced by the prices from observable current market transactions in the same instrument and are not based on observable market data. The Group employs valuation techniques, depending on the instrument type and available market data. For example, in the absence of active market, an investment's fair value is estimated on the basis of an analysis of the investee's financial position and results, risk profile and other factors. Favourable and unfavourable changes in the value of financial instruments are determined on the basis of changes in the value of the instruments as a result of varying the levels of the unobservable parameters, quantification of which is judgmental. The management assessed that the impact on profit or loss or other comprehensive income would be immaterial if the relevant risk variables used to fair value the financial instruments classified as Level 3 were altered by 5 percent.

For other financial assets and financial liabilities carried at amortised cost, the carrying value is not significantly different from their fair value as most of these assets and liabilities are of short-term maturity or are re-priced immediately based on market movement in interest rates.

13. SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on its products and services and has five reportable segments, as follows:

- **Asset Management:** engaged in providing third party fund and portfolio management services on a fiduciary basis.
- **Brokerage and online trading:** engaged in on-line and brokerage services across Middle East and North Africa (MENA) and United States of America (USA) based stock exchanges.
- **Credit operations:** engaged in providing margin loans to the clients trading in Boursa Kuwait and commercial loans to the clients.
- **Investment, real estate and treasury:** engaged in money market placements, real estate activities and includes proprietary trading in equity stocks and funds across Gulf Cooperation Countries (GCC) and International markets.
- **Rental and leasing activities:** Rental and leasing activities in the State of Kuwait.

The Chief Operating Decision Maker (CODM) monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the interim condensed consolidated financial information.

13. SEGMENT INFORMATION (continued)

14. COMMITMENTS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

	30 September 2024 KD	*(Audited) 31 December 2023 KD*	*30 September 2023 KD*
Commitments			
Uncalled capital contributions relating to investments at FVPL	**30,900**	33,888	34,137
Contingent liabilities			
Guarantee	**769,556**	664,210	672,212

14.1 Bank guarantee

The Guarantee issued by the Group noted above exclude the corporate guarantee provided to an entity of KD 44.5 million (31 December 2023: KD 44.80 million and 30 September 2023: KD 47.12 million) since this guarantee is backed by an irrevocable counter corporate guarantee of an equal amount issued in favour of the Group by a sovereign authority in Kuwait. The Parent Company is a shareholder in this entity, which is incorporated in Kingdom of Bahrain, in a fiduciary capacity. This entity is neither consolidated nor equity accounted for as this entity represents a structured entity and the Parent Company has no control, joint control or significant influence over the entity.

Furthermore, as at 30 September 2024, the Group's bankers had outstanding letter of guarantees and credits amounting to KD 769,556 (31 December 2023: KD 664,210 and 30 September 2023: KD 672,212) from which it is anticipated that no material liabilities will arise.

14.2 Legal claim contingency

In prior years certain unit holders ("unit holders") applied for redemption of their units in funds managed by the Parent Company ("the funds"). However the funds, due to liquidity issues, suspended redemptions temporarily and started an orderly liquidation in 2008. Accordingly, certain unit holders initiated legal actions against the funds and the Parent Company to redeem their units and requested for a compensation. Further, the Parent Company in its capacity as the liquidator of the funds have filed a counter claim against certain debtors of the funds to recover outstanding receivables to enable the orderly liquidation.

The legal actions commenced by the unit holders against the Parent Company and the funds are in various phases of litigation and no final court rulings have been issued by the Court of Cassation as of date.

As part of the Parent Company's regular review of ongoing litigations, and based on the legal opinion received from its external and in-house legal counsel and facts disclosed above, the management have determined that it is not possible to reach a reliable estimate for the most likely outcome. Accordingly, no provision for any liability has been made in this interim condensed consolidated financial information.

15. CAPITAL MANAGEMENT

The primary objectives of the Group's capital management are to ensure that the Group complies with externally imposed capital requirements and that the Group maintains strong and healthy capital ratios in order to support its business and to maximise shareholder value.

The Group actively manages its capital base in order to cover risks inherent in the business. The adequacy of the Group's capital is monitored using, among other measures, the rules and ratios established by the Capital Markets Authority in supervising the Group.

15. CAPITAL MANAGEMENT (continued)

The Group's regulatory capital and capital adequacy ratios for the period ended 30 September 2024, year ended 31 December 2023 and the period ended 30 September 2023 are calculated in accordance with provisions of Module seventeen (Capital Adequacy Regulations for Licensed Persons) of the Executive Bylaws of Law No. (7) of 2010 and their amendments thereto.

		(Audited)	
	30 September 2024	*31 December 2023*	*30 September 2023*
Available (eligible) regulatory Capital (KD)	**3,907,495**	2,250,226	3,203,890
Required regulatory capital (KD)	**19,365,281**	15,645,129	17,707,469
Capital adequacy ratio (%)	**20%**	14%	18%

As at 30 September 2024, the Parent Company as a Licensed Person did not maintain its minimum Eligible Regulatory Capital in excess of its risk-based capital and therefore violated the provisions of the requirement set forth in Article (3-1) of Module seventeen (Capital Adequacy Regulations for Licensed Persons) of the Executive Bylaws of Law No. (7) of 2010 and their amendments thereto.
